**Subject: Council Regulations (EU) 833/2014 and 2023/1214**

Dear Sir or Madam:

ATI Specialty Rolled Products (“ATI”) understands that, as of September 30, 2023, Council Regulation (EU) 2023/1214 amended Council Regulation (EU) 833/2014 to prohibit the importation or purchase in the European Union of certain products processed in a third country (non-EU member country) incorporating iron and steel products originating in Russia or Belarus.

ATI manufactures metal and alloy products in the United States. The products manufactured by ATI do not incorporate any iron or steel materials originating in, or exported from, Russia or Belarus, nor any such materials processed in a third country. Therefore, ATI’s products comply with the requirements of Council Regulations (EU) 833/2014 and 2023/1214.

If you have any questions or concerns, please contact the undersigned at the above telephone number or email address.

Very truly yours,

Robert J. Toth
